

PLANTS FOR MY GARDEN

Let us help you with your plant order! Shop with ease! Use our blog for plant references and answer the questions below before calling our store nearest you!

ABOUT MY GARDEN:

Knowing about your planting area will help you and our experts figure out exactly what you need for your gardening success.

1. Where are you planting (flowerbed, container garden, raised garden, hanging baskets)?
2. What size is the planting area or container?
3. How much sunlight will that area receive during the day?
4. Do you have access to a water source?
5. Are there any permanent fixtures to keep in mind when planting?
